

City of Leeds Level X Results – Series 2

The second leader board for Swim England's virtual Level X Racing has been published.

The second round of the event took place between 12th April and 22nd August 2021.

Swim England **launched Level X Racing** to give swimmers the opportunity to practice racing skills in their own club environments in the absence of competitions due to the coronavirus pandemic.

All times received during series two have been added to national Level X Rankings and used to generate the leader boards.

Leader boards showing the top 10 times for age groups from 8 years upwards, for both male and female, have now been published on the Swim England website.
